

GC Tourism & Hospitality Talent Hub:

Matching employees to their next role

The Growth Company and Marketing Manchester, supported by the Manchester Hoteliers' Association, are ready to help individuals working in the hospitality and tourism industry whose employment has been impacted by the COVID-19 pandemic.

Unsure about the future?

If you have been placed on the government's Job Retention Scheme (furlough) and it is coming to an end, you may be concerned that your employment situation has changed. This might include a reduction in hours, re-deployment to another area of the business, or redundancy. The Tourism & Hospitality Talent Hub is here to help.

What support is available?

If your job is no longer available as a result of COVID-19 and your role has been identified as redundant or you are unemployed, we are here to help you in both the short and long-term. We can help you with employment, training and support you in a variety of ways (see below):
