

## Maintenance Engineer

Closing Date: 24/09/2021

### Description:

Stock Exchange Hotel is currently recruiting for a Maintenance Engineer to join our Maintenance Team.

Stock Exchange Hotel is located within the heart of central Manchester. Set within the former home of Manchester Stock Exchange; every detail has been meticulously considered to create our luxury, boutique accommodation and capture the spirit and heritage of the building.

### Responsibilities:

Stock Exchange are looking for an experienced Maintenance Engineer with mechanical and electrical experience to join our busy engineering team. You must have experience of working within a fast paced hotel environment. This is a great opportunity for an engineer who likes to be 'hands on' and work within a busy fast-paced environment.

Reporting to the Maintenance Manager, the successful candidate will ensure the property is maintained to the highest possible standards. You will be professional, enthusiastic and trustworthy. You have a 'can do' attitude as well as the initiative required to multi task in this busy environment.

Main duties will include:

- Together with the Maintenance Manager to ensure that the property is maintained to the standard required on a daily basis, in accordance with the needs of the business and budget targets.
- Carry out repairs and maintenance work as requested by the Maintenance Manager, ensuring that work is carried out safely, efficiently and with minimum disruption to guests and members of the public.
- Carry out checks on areas of the buildings as required.
- Ensure that all effort is made to repair faults to rooms without delay to avoid any inconvenience to guests.
- To carry out daily property inspections and checks.
- To record all relevant readings and checks.
- To carry out weekly stock checks.
- To take care of all tools, plant and company materials and equipment.
- To be responsible on a daily basis for the successful completion of maintenance tasks, as agreed on a priority basis with the Maintenance Manager.
- To assist with third party contractors as and when required.
- To partake in departmental out of hours on call rota.
- To plan and carry out a schedule of planned maintenance of the property, as agreed with the Maintenance Manager.
